DETAILED ACTION

1. Claims 1-88 are pending as filed on 9 October 2003.

Response to Amendment

2. The reply filed on 22 August 2006 is not fully responsive to the prior Office Action because of the following omissions or matters:

Applicant has not elected a single disclosed species for **each** of the following:

I-a - the first constituent

I-b - the metal atom

I-c - the linking unit

I-d - the side chain

I-e - the crosslinks

I-f - the metal containing monomer

I-g - the substrate

I-h - the method of embedding the ordered array

I-i - the physical state of the metallopolymer network precursor mixture

I-j - the crosslinking stimulus

I-k - the additive

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to

avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Applicant is advised that a reply to this requirement must include an identification of the species that is elected for each of the above consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.
